## PLIDA'S MISSION

Pregnancy Loss and Infant Death Alliance (PLIDA) is the only perinatal bereavement membership organization in the United States. PLIDA serves as a leader in perinatal and neonatal bereavement care.

We do this through education, advocacy, and networking for health care providers and parent advocates. We promote the highest quality of consistent evidence-based care for all families.

We express our mission through professional continuing education, the establishment of position statements and practice guidelines, unified responses to issues in the media or legislation, and by creating a network for professionals to share questions, resources, insights, and support.

## ABOUT THE CONFERENCE

- Identify skills for working within an interprofessional team when providing care for bereaved families.
- Examine ways of promoting health equity through health care access and quality in the perinatal population.
- Discuss trauma related to death, unexpected outcomes, and insensitive care during childbearing.
- Explore communication skills appropriate for the perinatal period.
